

RING

Auto Expel Range

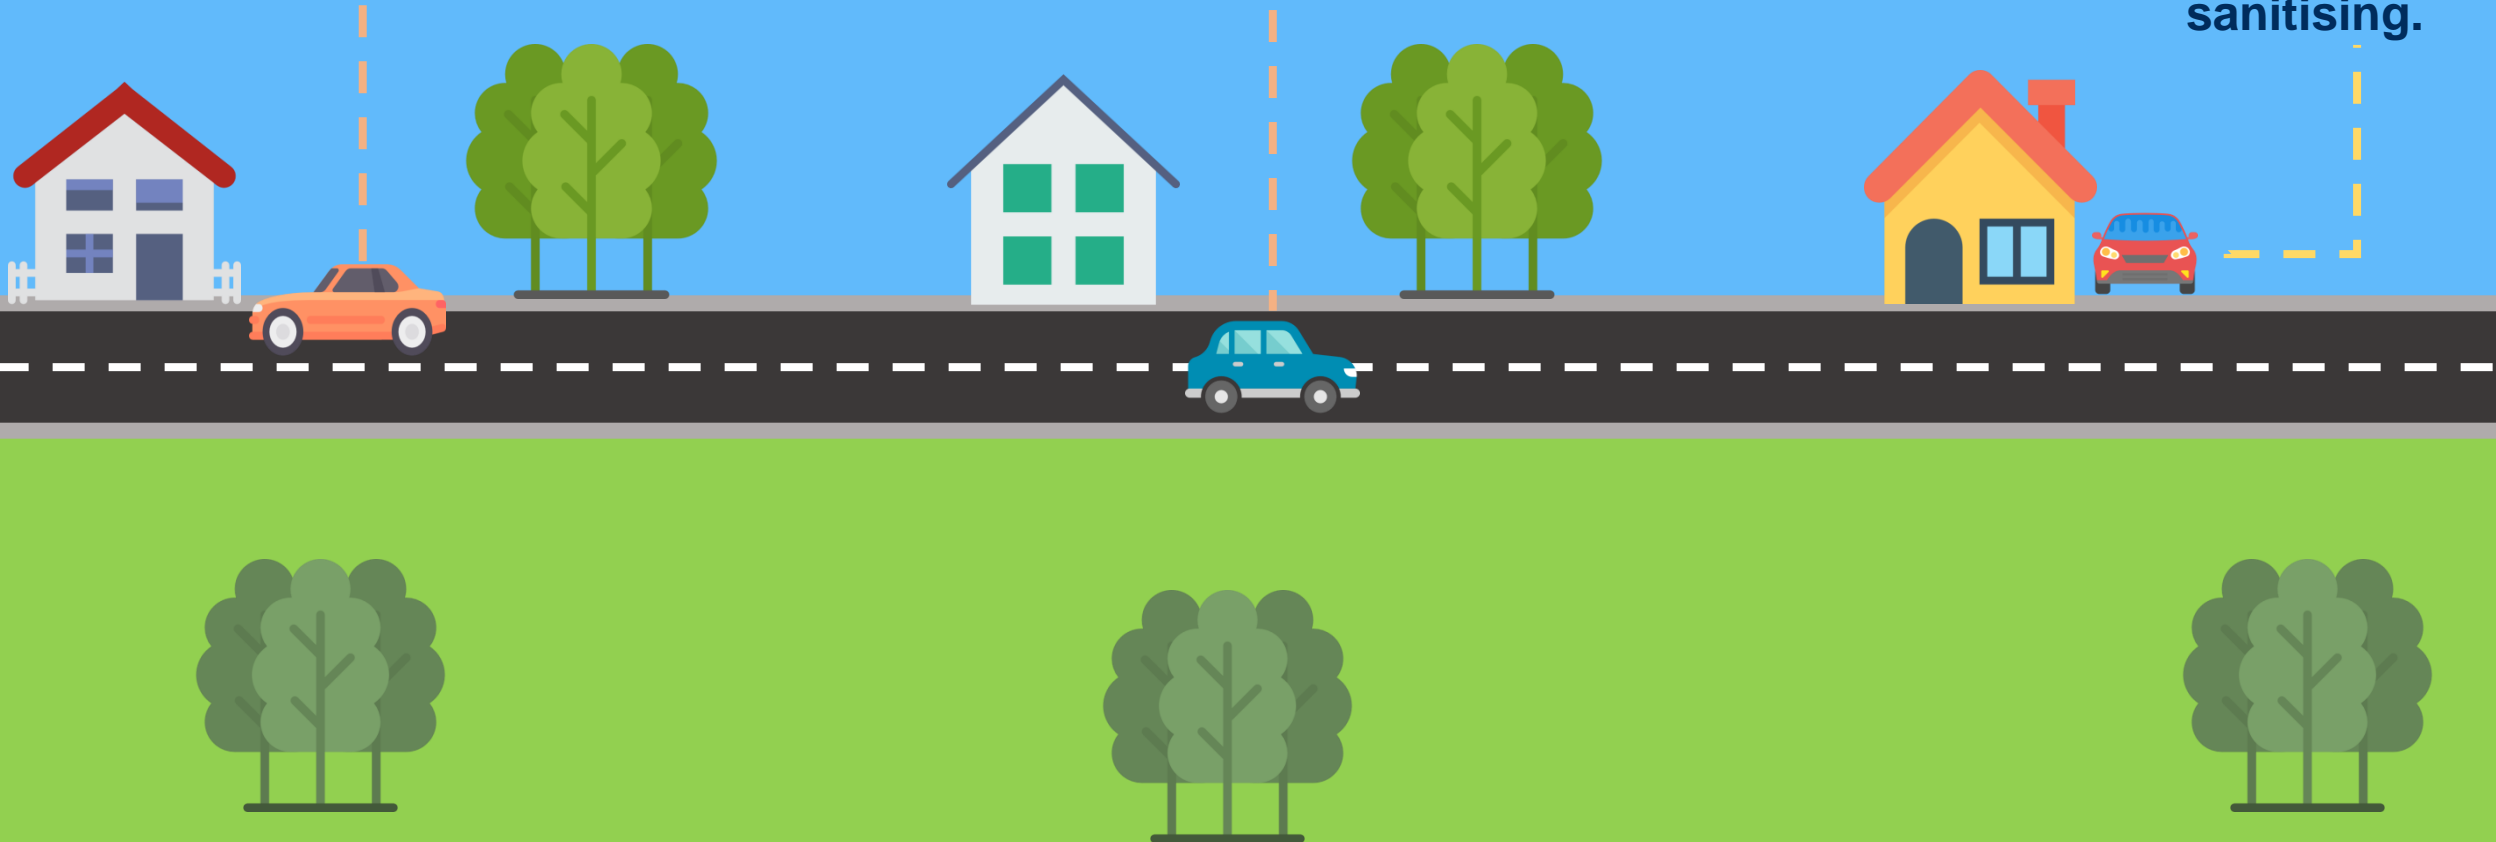

FOREWORD

The Coronavirus has created a new-normal across the planet. It is expected that everyone is going to be more conscious about cleanliness.

Ring have a family of sanitising products which kill bacteria and germs from a vast range of different surfaces.

Auto Expel Misting machine is unique in the way it converts the sanitising liquid to a dry mist. No surfaces get wet/damp when sanitising.

RANGE PROPOSITION

Retail Accessories– Sanitising

Biocidal formulas – Proven to kill enveloped viruses, including MRSA and Covid-19.

Sanitising family – Auto Expel Misting Machine, Auto Expel Misting Liquid and Auto Expel Sanitising Spray for touch points.

Expels Viruses, Bacteria, Fungi and Yeast from all types of surfaces and leaves no residue.

Eliminates any nasty odours that may be lurking in a vehicle, and leaves a fresh scent.

SMMT Guidance for our customers

AN OSRAM BUSINESS
